Dear Brad,

Thanks for the consistent concern for Florida School of Preaching students that you have shown over the years, especially as it has been recently shown by providing our students and me with the "credit card" drive of information! This will serve preachers and thus members of the churches of Christ for many years to come! The content is thorough and easily accessible.

Since 1969, the Florida School of Preaching has operated on the free-will offerings of local churches and individual Christians. Sometimes that support is financial and other times it is in "goods and services." The material you gave us on the "credit card" drive is certainly a valuable commodity for preachers. Thanks for the painstaking efforts you put into its assembling and the generous distribution of it to us!

May the Lord continue blessing Teach Others Also, Inc. in its every effort to influence preachers and thus indirectly build-up and expand the kingdom of the Lord! Keep up the good work, and "be not weary in well doing."

Sincerely,

Brian R. Kenyon,
Director

Thanks so much for your kind donation to the students here at Florida School of Preaching. We very much appreciate your generosity. The flash drive has a lot of information that will be very useful to us here at the school, and in our own ministries as we leave the school and go out into the world. There is much information in here that relates to classes or subjects we are currently enrolled in. Again, thank you for thinking of us. As preaching students we love books or reading materials that will help us in our studies, and this collaboration of information will do just that. Thanks again and thank you for all your hard work in the Kingdom of our Lord.

Thank you so much for sharing the USB drive of your material "Teach Others Also." Even the design of the drive is something I have never seen before. The wealth of material embedded is overwhelming. It is hard to find time during school to look at all the files, but I am sure it will be put to good use as I get out of school and get a chance to breathe. As a preacher we are encouraged to digest anything and everything we can get our hands on and I know this will be one of those resources I will gain much from. Again, I thank you for all of your hardwork and effort to make this available to aspiring preachers such as myself, and cannot wait to see what all gems I can come away with.

Dear Brad Price,

Thank you so much for the material on the USB drive! It means a lot to me that you would provide those of us at the Florida School of Preaching with so much useful material. I know it will be material that I will use and cherish my entire preaching career. I will keep your website in mind when looking to add to my library upon graduation from the school. Thank you again!

Sincerely,

Dear Mr. Price:

Thank you so much for the sermon compendium delivered to us for our perusal and use. From my initial survey, many salient topics are given in this anthology.

I also enjoyed the novel "credit card" metaphor you used to deliver the contents. Very appealing!

With the daunting task of carrying thirty credit hours of studies, I am afraid I will have to investigate later while I am on spring break.

I think this is a fantastic way to deliver such valuable knowledge asset. My gratitude and thanks.

May the Lord Bless you richly in all of your Kingdom endeavors!

My best regards,

Alex Szabo
